

Boxing Australia Board Statement on Covid-19 Vaccination and Boxing Australia National Activities

The Boxing Australia Board encourages everyone to be fully vaccinated for Covid-19 and thereby support and contribute to the general good health and wellbeing of the Australian community and our nation's pandemic recovery.

In promotion of the safety of boxers and all who participate in our sport Boxing Australia in all its national activities will apply without hesitation the relevant Covid-19 government rules and guidelines of the State or Territory of that activity.

Accordingly, all participants in Boxing Australia national activities must comply with the relevant government regulations and guidelines applying in the State or Territory where they are participating.

In regard to international activities all Boxing Australia endorsed participants must comply with any Australian Government requirements and with government requirements applicable in the nation of the activity.
